Dear Mr. Lange,

I regret that your 12/8 letter to the Joe Pyne Show did not reach me until today. I, several days I again leave for California.

Thank you very much for your kind comment.

I'd be glad to try and find time for a confidential discussion on my next trip out there, in about six weeks, if I know the purpose. I keep very busy, for there is much I am trying to get done, as you can find from the enclosed list of my books. I try and stick close to the subject, to what can lead me to more dependable data.

Sincerely,

Harold Weisberg
